

## MCHS SCIENCE COURSES OVERVIEW

SENIOR YEAR	none	AC. PHYSICS	AP PHYSICS or AP BIOLOGY	AP BIOLOGY
JUNIOR YEAR	none	AC. CHEMISTRY	AP CHEMISTRY	AP PHYSICS
SOPHOMORE YEAR	SURVEY BIOLOGY	AC. BIOLOGY	HONORS BIOLOGY	AP CHEMISTRY
FRESHMEN YEAR	SURVEY PHYSICAL SCIENCE	ACADEMIC PHYSICAL SCIENCE		HONORS BIOLOGY
	<p>This lineup is chosen by students who are planning on attending a junior college – these courses meet the MCHS graduation requirements but do <b>NOT</b> meet the requirements for State or UC colleges. Students are recommended into this series by their teacher/counselor. Students may move from survey classes into academic classes.</p>	<p>This lineup is the one chosen by the majority of academic students on the university pathway. Students begin their freshmen year with Academic Physical Science and then can move back and forth between the academic level courses and the AP level courses as their interest and ability allows. Students are recommended into the Honors/AP level courses by their teacher and/or counselor.</p>	<p>This academically rigorous course lineup is chosen by students who are interested in taking all 3 of the AP classes offered in the science department. Students are recommended into these classes by their teacher and/or counselor.</p>
